NEW SENSATIONS EXPECTED.
Glaring Frauds Discovered in the Books of the Union National Bank.

New Orleans, La., Sept. 22.—There were no new developments in the Union Bank case today, but there will be an other arrest tomorrow.

Examiner A. Scott finds glaring irregularities in the accounts of some of the leading men of the city and the bank is expected to be fertile in sensations until the whole shortage is accounted for. The next developments may come in State banks recently closed.

It is expected tonight that the liquidators in charge of the Bank of Commerce will tomorrow report overdrafts to the amount of over \$300,000.

BRYAN SWEEPING THE COUNTRY.

Republican Yarns About the Future President's Weakness Knocked Silly.—Leading Republicans as Well as Democrats Concede Bryan's Election.

Regular Correspondence of THE HERALD.

Washington, September 22, 1896.—Mr. Bryan's visit to Washington has unquestionably been productive of a good effect upon his prospects. A severe rain storm curtailed his speech, but nothing could curtail the enthusiasm of more than 25,000 people who heard the little he had an opportunity to say. That enthusiasm will be felt during the rest of the campaign in a number of states, for, in addition to the large number from the surrounding states, there were men in the audience from as far away as Alabama, who had come to Washington solely to hear Mr. Bryan's speech. While in Washington, Mr. Bryan had conferences with Chairman Faulkner, of the congressional committee, Senator Gorman, and a number of other democrats of national prominence. Most of these gentlemen accompanied him to Baltimore and took part in the meetings he addressed in that city, afterwards returning with him to Washington, where he spent Sunday and last night quietly resting. Mr. Bryan is standing the strain of almost constant speaking remarkably well. He expressed himself as being pleased with the progress of the campaign, and is perfectly confident that he will be elected; also that the next house of representatives will have a good working silver majority. It will be remembered that the senate is already strongly for silver.

The story that the big ship builders were afraid to bid on the three battleships authorized by the last congress, because of the probability that the free coinage of silver would go into effect before they would get their money, went the way of all the rest of the stories started to hinder the growth of silver sentiment. Every shipbuilder in the country with a plant big enough to do the work, put in a bid for one or more of the battleships, and the work of building them was secured by the Cramps, of Philadelphia; the Newport News Co., of Va., and the Union Iron Works of San Francisco, each concern to build one, at an aggregate price of \$7,919,950. The torpedo boats authorized to be built by the last congress were

also eagerly bid for.

Missouri is one of the states that over enthusiastic gold bugs are fond of claiming for McKinley. How much foundation there is for such a claim is shown by reports received at Bryan headquarters in Washington, from the Democratic State Committee, of Missouri, based upon a careful poll of a portion of the state and estimates by town and county committees for the remainder. These reports give the state to Bryan by a majority of 50,000 and show that the democrats will carry every Congressional district except two. If other McKinley claims are not better based, the apostle of gold will be playing in extraordinary luck if he carries a dozen states.

"I believe," said Mr. G. W. L. Brown, well known Indiana lawyer, "that Indiana will surprise the republicans in a way they will hardly relish on Nov. 3rd. My belief is that Bryan will lead McKinley in the state by at least 30,000 votes. It is the silliest sort of nonsense to talk about the silver cause weakening in the West. The statement is made by people whose wish is father to the thought. In my locality it is growing more popular all the time; every day witnesses fresh accessions to our ranks, and no silver men are going over to the gold camp. The third ticket cannot be operated as a decoy duck in Indiana."

Dr. Y. R. Parks, of California, has this to say of the republican claims of carrying that state for McKinley: "I have not the slightest doubt that California will give Bryan at least 20,000 majority. The letter of Jesse Grant, son of the late Gen. U. S. Grant, declaring for the Chicago platform, that I see has been widely copied in the Eastern press, is a fair reflex of the dominant feeling in California."

Mr. George P. Chinn, a son of Col. Jack Chinn, the noted Kentucky politician, and himself prominent among the younger democrats of the state, is so certain that Kentucky will go for Bryan that he is now in Washington on his bridal tour. He said: "There can be no doubt of the result, and any man who is at all cognizant of the situation and is not warped by prejudice, will agree that democratic victory is certain. The silver forces are confident and have a nearly perfect organization."

The democrats smiled when the news came that Chauncey Depew, President of the New York Central Railroad and general representative of the Vanderbilt millions, was to take the stump in Illinois next

month for McKinley and the gold standard. The more of the Depew brand that Boss Hanna puts on the stump for his candidate, the more votes Bryan will get.

There are more democratic clubs in existence today, by several thousand, than ever before, and the coming National Convention of Clubs at St. Louis, which will, it is expected, be attended by both Mr. Bryan and Mr. Sewall, will eclipse any gathering of the kind ever held before.

SAM IS SENSATIONAL.

The Georgia Evangelist Says Democrats Juggle the Returns.

Atlanta, Ga., Sept. 22.—Rev. Sam Jones, the sensational evangelist, has taken up the political cudgel against what he calls the political ring in control of the democratic machine, and his attacks culminated tonight in an address at his tabernacle here before 5000 people. He charges that the democrats have been guilty in the past of constant frauds and doctoring of the returns. "It is a matter of record," he says, "that two years ago it took more than seven days to fix the returns so they could be announced and published." He declares that the records show that in many counties there were the most flagrant frauds, with whole precincts thrown out to help the democracy. "I no more believe that we will have a fair election in Georgia on the 7th of October than I believe that every bum and thug and pap sucker in the State is a gentleman, a scholar and a Christian," he declared. Jones declared that he is a democrat. The democrats say he is trying to help the populists all he can and would do so openly but for the fact that he has gone on record as praising Atkinson's administration.
